THE THIRTIES

Timeless elegance

Eleganza senza tempo

INSPIRED BY THE FINEST DESIGN OF THE EARLY 20TH CENTURY, THE LARGE FREESTANDING BATHTUB THE THIRTIES HARMONIOUSLY COMBINES MAGNIFICENCE, SOPHISTICATION AND COMFORT. THE MOULDED OUTER SURFACE MAKES ITS SCULPTURAL BODY UNMISTAKABLE, WHILE THE INNER CONTOUR INCORPORATES TWO ARMRESTS THAT ENSURE AN EXCEPTIONALLY PLEASANT BATHING EXPERIENCE, PRIVATE OR SHARED.

ISPIRATA AL MIGLIOR DESIGN DEL PRIMO NOVECENTO, LA GRANDE VASCA FREESTANDING THE THIRTIES COMBINA ARMONIOSAMENTE MAESTOSITÀ, RICERCATEZZA E COMODITÀ. LA SUPERFICIE ESTERNA MODANATA RENDE INCONFONDIBILE IL SUO CORPO SCULTOREO, MENTRE LA SAGOMA INTERNA – CHE INCORPORA DUE BRACCIOLI – ASSICURA UN'ESPERIENZA DEL BAGNO (IN INTIMITÀ O IN CONDIVISIONE) STRAORDINARIAMENTE PIACEVOLE.

ХАРАКТЕРИСТИКИ ИЗДЕЛИЯ: СОЮЗ МАТЕРИИ И ДИЗАЙНА ВО БЛАГО ХОРОШЕГО САМОЧУВСТВИЯ.

WHITE TEC PLUS - это инновационный материал, на 100% изготовленный в Италии специально для DEVON&DEVON и отвечающий требованиям самых строгих стандартов качества и экологичности.

Он обладает чрезвычайно высокой устойчивостью к ударам, царапинам и ежедневному износу. Этот однородный и гладкий материал очень легко чистится, не желтеет со временем и от воздействия ультрафиолетового излучения. Он является нетоксичным, инертным, гипоаллергенным и огнестойким. Этот эко-совместимый и экологичный материал обладает сертификатом GREENGUARD GOLD LEED® (американская система классификации энергоэффективности и экологичности). Его можно восстанавливать, ремонтировать, перерабатывать и использовать повторно, для его производства используются смолы на растительной основе BIOBASED®, в которых компоненты, обычно получаемые из нефти, были получены из кукурузного крахмала. В состав материала также входит диоксид титана, который благодаря своим антибактериальным и противовирусным свойствам создает более здоровую среду в помещении.
