ITA Typic è un progetto che trae ispirazione dal mondo dell'artigianato. Una superficie “perfetta imperfetta” che è il risultato di una combinazione di influenze: vecchio e nuovo, tradizionale e sperimentale, la cui fusione è la testimonianza del consumatore contemporaneo i cui interessi non sono ancorati al suo background. Quadrati colorati compongono quinte a rivestimento che riflettono una nuova percezione degli spazi che abbiamo intorno: la parola d'ordine è flessibilità, le stanze diventano spazi programmabili per servire a molteplici scopi. Il risultato compositivo offre superfici colorate che esprimono atmosfere diverse creando molteplici combinazioni nei 13 toni cromatici del progetto.

ENG Typic is a project that draws inspiration from the world of craftsmanship. A “perfectly imperfect” surface that is the result of a montage of influences: old and new, traditional and experimental, whose fusion is the testimony of the contemporary consumer, whose interests are not anchored to their background. Colored squares make up wall panels that reflect a new perception of the spaces around us: the watchword is “flexibility”, the rooms become programmable spaces to serve multiple purposes. The compositional result offers colored surfaces that express different atmospheres by creating multiple combinations in the 13 chromatic tones of the project.
